Dear CUFIM-PRO User,

Welcome to CUFIM-PRO, a powerful, yet easy to use Excel-based Urban Inventory and Management program. This is a Mac only version.

My recommended approach to learning CUFIM-PRO is to review the User's Guide followed by watching the training videos. They are:

| | | |
|---|---|---|
| CUFIM-PRO Part One | 4:34 | Overview of first four sheets |
| CUFIM-PRO Part Two | 8:01 | Closer look at first four sheets |
| CUFIM-PRO Part Three | 8:56 | Overview of second four sheets |
| CUFIM-PRO Part Four | 16:30 | Closer look at second four sheets |
| CUFIM-PRO Part Five | 14:37 | The Big Freeze, a case study |

Then follow up with the User's Guide while you practice on the sample data provided.

The files located in the CUFIM-PRO folder are:

| Name | Size |
|---|---|
| ▼ 📁 CUFIM–PRO PROGRAM backup Files | 20.7 MB |

| 📄 Import Tree Town SAMPLE data.xlsx | 5.5 MB |
| 📄 Import Template.xlsx | 2.8 MB |
